

# Minivans, Mini SUV'S, Mini Trucks Rules

## Brooksville Pulling Association

### Key Rules

- All vehicles must be **stock unless a modification is specifically allowed in the rules.**
- **No 4x4 vehicles allowed;** if the car is 4x4, **one driveshaft must be removed.**
- **Engines:** Any 4- or 6-cylinder allowed. **V8 engines** only if they came factory in the vehicle.
- **No welding** anywhere unless specifically allowed.
- **Aftermarket headers, shifters, and pedals** are permitted.
- **Unlimited #9 wire** allowed.

### Interior

1. **4-point cage and halos** are allowed. Must include a **minimum bar behind the driver's seat.** Floating cage only; **no down bars.**
2. **Fuel cell protector** may not exceed **28" × 28"** and may only be attached to the **back seat bar.**
3. **Transmission coolers** are allowed.

### Exterior

1. **Driver's door** may be welded solid. All other doors may use **unlimited #9 wire or chain.**
2. **Roof sign:** 12" × 12" required.
3. **Body creasing** is allowed. **Truck beds must remain upright in stock position.**
4. **Hood** must have a **10" × 10" hole cut out.**

### Suspension

1. Must remain **stock.** **2" × 6" flat steel** may be used to set ride height. **Struts may be welded or clamped.**
2. **Factory leaf springs only;** **no stacked leaves.**

### Frames, Bumpers, and Core Support

1. **Bumpers:** Any factory bumper is allowed. May be **loaded and seam welded.** Homemade bumpers allowed; **pointy bumpers cannot exceed 10" from front to back.**
2. **Bumper shocks:** Up to **8" long,** maximum **3/8" thick,** may be used to attach bumpers.
3. **No core support spacers** allowed.
4. **1" threaded rod** may be used through the core support to hold the hood down and may replace the **front subframe mount.**
5. **Frame repair:** May use **1/4" 3" × 3" × 8" plate inside the frame rail** instead of an outside plate.
6. **Repair plates:** Up to **6 total,** no larger than **1/4" × 4" × 6",** must show **proof of bend or break.**
